

BeatBox™

OSCW's high-performance audio tour pack

(click on photo to enlarge)

Looking for high-quality audio without giving up space?
Want a tour pack that looks different and sounds better than the others?
Like to hear your music while you're not just in a parking lot?
Don't want to spend a fortune?
Break the mold, not the bank. Purchase OSCW's BeatBox.

Features:

- Dual cylinders face the rider and taper into the back of the lid without sacrificing storage space. High-quality audio that can be seen and heard while you ride.
- Large and powerful speakers fire strong sound toward you instead of into the wind
- Robust base that booms Crystal-clear mids and highs
- Use your existing tour pack, just change to OSCW's lid
- Don't have a tour pack yet? Get started with OSCW's complete audio tour pack.

Available in 4 configurations

1. Lid only (no speakers)
 - Openings for 7.7 and 6.5 speakers
2. Lid only and speakers
 - Lid with (2) JL Audio 6.5 marine speakers
 - Lid with (2) JL Audio 7.7 marine speakers
