OSCWs' King Glide Fairing, Phatillac™ Bagger Bolt-On Kits fit H-D Touring Motorcycles

The King Glide bolt-on fairing is Old Skool Cycle Werks' newest fairing design. A Road Glide-style fairing with single headlight and integrated windshield designed for the Road King and other touring bikes. Easily installed with four brackets. Sold with pre-wired marine electronics or fairing only.

The Phatillac™ bolt-on bagger kit includes one fender with integrated bags and two side panels. Old Skool Cycle Werks' bagger kit fits Harley-Davidson touring bikes 1995-2008 and can easily be modified to fit 2009-2011. Functional bags are 24" x 18" x 6.5". Keep your stock seat. Install with no frame modification.

Innovative design. Nostalgic appeal. Affordable price with a custom look. Dealer pricing and investment opportunities available.
